Software Developer | Cleared DoD IT Candidate | Active SECRET Clearance | U.S. Citizen

Professional Summary

Software developer and U.S. Army veteran with active SECRET clearance, U.S. citizenship, and hands-on experience building responsive web applications with JavaScript, React, HTML, and CSS. Brings secure information-handling discipline, structured troubleshooting, cyber awareness, and mission-focused execution to federal, DoD, and cleared IT environments.

Technical Skills

Technical Skills: JavaScript, React, HTML5, CSS3, Node.js fundamentals, REST APIs, Git/GitHub, debugging, testing, documentation, basic SQL, Windows/Linux basics, command line, network fundamentals, secure configuration, OPSEC, access control, Agile/Scrum, Jira, Trello.

Projects

Secure Task Manager (React)

Developed a React task management tool with reusable components, hooks-based state management, input validation, and a responsive UI.

Personal Portfolio Website

Built a responsive multi-page portfolio with HTML, CSS, and JavaScript to showcase projects and demonstrate front-end fundamentals.

HVAC Diagnostic Helper (JavaScript)

Created a browser-based HVAC diagnostic helper using conditional logic and decision trees, demonstrating algorithmic thinking and workflow design.

Professional Experience

U.S. Army – Specialist (91C HVAC Specialist)

Active Duty | 2019 – Present

- Diagnosed complex mechanical and environmental control system failures through structured troubleshooting, technical documentation review, and step-by-step fault isolation applicable to debugging software, networks, and IT systems.
- Interpreted technical diagrams, schematics, and logic flows to understand system behavior, isolate faults, and support accurate repair decisions.

- Applied cybersecurity awareness, OPSEC discipline, access-control practices, and secure information-handling standards in daily Army operations.
- Coordinated technical tasks, timelines, priorities, and handoffs during mission operations, demonstrating planning habits aligned with Agile workflows.
- Awards: Army Achievement Medal, Army Good Conduct Medal, Overseas Service Ribbon.

Education

B.S. Information Technology, Business Management concentration — In Progress, Expected 2027

Relevant coursework: Web Development, Systems Administration, Cybersecurity Fundamentals, Project Management, Business Strategy & Organizational Leadership.

Training & Additional Strengths

Active SECRET Security Clearance; DoD Cyber Awareness; Agile, Scrum, and Risk Mitigation training; Anti-Terrorism Awareness; Humanitarian Assistance Response; Stress Management and Resilience; Combat Lifesaver.

Strengths: reliability, teamwork, rapid learning, disciplined accountability, problem-solving under pressure, and bridging technical and operational environments.
